SAVEX PRESENTS TAIT TECH CONNECT 2026 BRINGS TOGETHER THE IT COMMUNITY FOR TWO DAYS OF BUSINESS, LEARNING AND FAMILY BONDING

The Technology Association of Information Technology (TAIT) successfully concluded Savex Presents TAIT Tech Connect 2026, a landmark networking and business event that brought together more than 100 member companies and over 200 participants, including family members, for an engaging two-day experience at Hotel Fariyas, Khandala. Set against the picturesque backdrop of the Western Ghats during the monsoon, the event combined insightful business sessions, product showcases, networking opportunities and family engagement activities, creating an ideal platform for collaboration and relationship building. The business sessions, anchored by TAIT Director Rushabh Shah, witnessed enthusiastic participation from members and industry leaders. The title sponsor, Savex Technologies, delivered the keynote address through its

Managing Director, Mr. Jayant Goradia, who encouraged members to look beyond their traditional business models and embrace emerging opportunities. He shared Savex's remarkable journey from being a system integrator to becoming one of India's leading technology distributors with an extensive portfolio of brands and cybersecurity solutions. HP showcased its latest commercial offerings and partner-focused initiatives. Mr. Gaurav Jaitly presented HP's complete laptop portfolio, highlighted key differentiators across product lines and shared valuable insights into pricing trends expected over the coming quarters. The Gala Dinner Sponsor, NPAV, presented its expanding portfolio of cyber security solutions. Mr. Sumeet Kela introduced the company's Krypton range, highlighted NPAV's significant "Make in India" achievements and international successes, and announced exclusive event offers for TAIT members. j5create impressed attendees with its innovative range of productivity products. Mr. Himanshu Gaglani demonstrated several unique solutions,

including the Speech Tracker and Aero series, generating significant interest and interactive discussions among members. Bitdefender, represented by Mr. Zakir Rangwala, introduced its new Digital Essential Pack, explaining how its five specialised security solutions can create compelling bundled offerings with laptops. Members also benefited from exclusive event promotions on Bitdefender Total Security. Networking leader D-Link displayed an expanded range of networking products, PC accessories and mobile accessories. Mr. Sunit Gandhi highlighted several new innovations, with the exhibition booth witnessing strong footfall throughout the event. Lapcare, the Gifting Sponsor, showcased an extensive range of monitors, projectors and accessories. Mr. Amit demonstrated only a fraction of the company's vast portfolio comprising several hundred SKUs, many of which were being experienced by TAIT members for the first time. A specially designed Passport Scheme encouraged members to interact with participating exhibitors and rewarded eligible participants with

attractive gifts from Lapcare. Savex, j5create, Bitdefender, D-Link and NPAV also delighted attendees with generous giveaways throughout the event. An engaging "Know Your TAIT Member" introduction session served as an excellent networking icebreaker, helping members discover new business opportunities and strengthen professional relationships. While the business agenda remained the primary focus for members, TAIT ensured that accompanying family members enjoyed an equally memorable experience. Carefully curated interactive activities, organised by Keyur Kapadia, created an atmosphere of fun, teamwork and bonding, with numerous prizes awarded to participants across multiple sessions. The entertainment programme proved to be another major highlight. A vibrant DJ Night and Gala Dinner on the first evening, followed by a captivating musical evening on the second day, kept the energy levels high, with celebrations continuing until late into the night. The overwhelming appreciation received from members after the event reflected the success of TAIT Tech Connect 2026.

Media Partner : TAIT

Members expressed gratitude to the organising committee and strongly encouraged TAIT to make the event an annual feature. The event was successfully organised under the leadership of the current TAIT Directors — Parag Shah, Champak Gurjar, Swetal Dani, Samir Mehta, Janak Mehtalia, Jitendra Makwana, Nikesh Jain and Rushabh Shah — with invaluable support from the TAIT office team, Vaishali and Srikant, along with the extended event management team. About TAIT The Technology Association of Information Technology (TAIT) is one of India's leading IT trade associations, dedicated to promoting collaboration, knowledge sharing, business growth and technology adoption among its members while fostering a vibrant ecosystem for the IT channel community.

HIKVISION M200R USB ROADSTER-INSPIRED DESIGN AND FAST TRANSFER SPEEDS

INTELLIGENT STORAGE

HIKVISION

INTELLIGENT STORAGE

HIKVISION

Fast Transfer Like Roadster

Organize more of your files across various devices

Classic Color Combo

A design with classic red and black combination

HIKVISION M200R USB emerges as a dependable storage solution that combines high expandability, portability, and a classic color combination to meet the evolving demands of today's digital workflows. Designed to extend storage across USB-enabled devices, it combines efficient data mobility with a signature red-and-black design, delivering an ideal balance of performance, reliability, and refined industrial aesthetics. Engineered for fast transfer and storage expansion, the HIKVISION M200R USB provides an efficient solution

for managing files across multiple devices. Delivering read speeds of up to 30 MB/s and write speeds of up to 15 MB/s, it supports the transfer, backup, and organization of business documents, high-resolution multimedia assets, project files, and other digital content. Whether used in office environments, educational institutions, or creative workflows, it enables reliable and efficient data mobility.

Featuring a slim and lightweight form factor, the HIKVISION M200R USB is optimized for mobile use where portability and convenience are essential. Its compact design minimizes carrying space while keeping critical data readily accessible, making it ideal for business travel, field operations, hybrid workplaces, and other mobile working environments. The portable design ensures

reliable storage access without compromising carrying efficiency. Beyond its functional capabilities, the HIKVISION M200R USB features a distinctive industrial design with a classic red-and-black color combination and a roadster-inspired lock mechanism. This thoughtful design enhances everyday usability by helping protect the USB connector during transportation and storage,

while reinforcing the product's premium positioning within HIKVISION's portable storage portfolio. By integrating storage expansion, portability, and refined craftsmanship into a single solution, the HIKVISION M200R USB addresses the growing demand for dependable portable storage. It redefines the balance between functionality and design, delivering reliable performance in a compact form factor for today's increasingly mobile digital lifestyles.

19TH BLOOD DONATION CAMP – A NOBLE INITIATIVE OF GIVING BACK TO SOCIETY BY MEGAMAN

donor, volunteer, supporter, TAIT member, Saifee Hospital team, EVM, and everyone who contributed their time, effort, and presence* to make this camp a grand success. 143 Units Collected. One Noble Cause. Countless Lives Impacted. "Together, we donate. Together, we save lives." - Team Megaman Infosys

The camp was organized by the dedicated team of *Megaman Infosys* — *Mr. Aditya Vyas, Mr. Nishant Mehta, Mr. Swetal Dani, Mr.

Muffadal Mala, Mr. Abbas Mala, Mr. Vinay Kinkhabwala, Mr. Vikunj Vora, and Mr. Husseni Lokhandwala* — in association with *TAIT (Trade Association of Information Technology), a leading IT association with Saifee Hospital Team. The initiative received an overwhelming response from members, friends, well-wishers, and supporters. Thanks to the generosity and commitment of the donors, *a

remarkable 143 units of blood were collected* during the camp. Every unit donated represents an opportunity to save a precious life. We are especially thankful to *EVM, the **Gift Sponsor* for the event. *Mr. Kunal and Mr. Vishal from EVM* graced the occasion with their presence and extended their valuable support and encouragement towards this noble initiative. From *TAIT, **Mr. Sameer Mehta, Mr. Rushabh Shah,

Mr. Nikesh Jain, Mr. Rahul Zaveri*, along with many other members and well-wishers, attended the camp and extended their support to the cause. The success of the 19th Blood Donation Camp is a reflection of what can be achieved when individuals and organizations come together with a common purpose — *to serve society and help save lives*. A heartfelt *thank you to every

NPAV PRESENTS ASIRT SYNERGY BIZ CONCLAVE 2026 CONCLUDES SUCCESSFULLY, BRINGING TOGETHER INDIA'S IT CHANNEL ECOSYSTEM

Mumbai, 10 August 2026: NPAV Presents ASIRT Synergy Biz Conclave 2026 concluded successfully, bringing together system integrators, technology partners, industry leaders, and media representatives for three days of collaboration, learning, and business networking. Organized by the Association of System Integrators and Retailers in Technology (ASIRT) from 7th to 9th August 2026 at the Radisson Blu Plaza Resort & Convention Centre, Karjat, the conclave brought together 130 ASIRT members, 40 delegates representing sponsoring and partner organizations from across the country, 10 technology media professionals, and Guest of

Honour Navin Gupta, President of FAIITA, creating a vibrant platform for meaningful dialogue and industry engagement. "Fourteen years ago, ASIRT was founded with a simple vision: to help System Integrators survive, thrive, and grow together, ensuring that no member faces industry challenges alone. Over the years, we have learned that trust is our greatest asset and collaboration our greatest strength. When trust exists, opportunities multiply. When opportunities multiply, businesses grow. And when businesses grow, the entire ecosystem prospers. Synergy represents that spirit of shared growth and collective success," said Shri Bharat Chheda, President, ASIRT.

The conclave was honored by the presence of Shri Navin Gupta, President of the Federation of All India Information Technology Associations (FAIITA), who shared a national perspective on the opportunities and challenges shaping the future of the Indian IT channel. "The future of the IT channel lies in collaboration, knowledge sharing, and continuous adaptation to changing market dynamics. ASIRT Synergy has become an important platform that enables channel partners, technology providers, and industry leaders to come together, exchange ideas, and create new growth opportunities. Such initiatives strengthen not only local business communities but the

broader Indian IT ecosystem," said Shri Navin Gupta, President, FAIITA. The second day commenced with an engaging presentation by Shri Kaustubh Kulkarni, Chairman of ASIRT, centered on a question every entrepreneur asks: "What's in it for me?" Focusing on practical business outcomes revenue growth, profitability, capability enhancement, stronger relationships, and business sustainability his session resonated strongly with participants. "Every entrepreneur ultimately asks a simple question: what tangible value will this create for my business? Through Synergy 2026, we focused on practical outcomes, including higher revenues, better margins, stronger capabilities,

and enduring business relationships. The positive response from participants validates Shri ASIRT's commitment to delivering relevant and actionable industry engagement," said Kaustubh Kulkarni, Chairman, ASIRT. One of the defining features of Synergy 2026 was the close interaction between technology companies, channel partners, and media representatives. Media partners engaged extensively with sponsoring organizations and exhibitors, discussing technology trends, customer requirements, emerging business opportunities, and channel strategies. These conversations extended well beyond the formal sessions,

creating valuable opportunities for thought leadership, brand visibility, and industry engagement. Key Takeaways from Synergy 2026 Several themes emerged consistently across presentations, discussions, and networking interactions: • Business growth remains the ultimate objective of technology adoption. • Collaboration among system integrators, vendors, distributors, and associations creates stronger opportunities for all stakeholders. • Customer demand continues to evolve toward integrated solutions, managed services, AI, cloud adoption, and cybersecurity. • Business resilience and cybersecurity remain among

the highest priorities for organizations. • Strong relationships and trusted partnerships remain critical drivers of long-term success. Strong Industry Support The success of Synergy 2026 was made possible by the support of a broad ecosystem of technology partners, sponsors, exhibitors, and media organizations. ASIRT expressed its gratitude to Shri Sumeet Kela, CEO of Net Protector (NPAV), the Title Sponsor, for its continued support and commitment to the IT channel community. The Association also acknowledged the contributions of its Strategic Partners: Zebra Technologies, Aegis Infoware, TSC Auto ID, Goyama SecureTech,

Sophos, Quantum Networks, BD Software Distribution Pvt. Ltd., and Vignyanlabs. Special appreciation was also extended to Growth Partners Synergy and Data Skills; Community Sponsors Black Box Data Safe, Rincon India Solutions Pvt. Ltd., Xpress Manage365, CreativeWebo, Mumbai Data Recovery (MDR), and Snap Tech Solutions; and Exhibition Partners Enjay IT Solutions, CBD IT Solutions Pvt. Ltd., TS Plus, Benchmark Computer Solutions Limited, Lenovo, Bluecom, CloudAntique, Cybird, and XcellHost. Their collective participation helped create a dynamic platform for showcasing technology, engaging with businesses, and fostering industry dialogue.

More Than a Conference Synergy 2026 reinforced ASIRT's belief that the future of the IT channel will be shaped not only by technology, but also by the strength of relationships, collaboration, and community. Across three days, participants exchanged ideas, explored emerging opportunities, strengthened industry relationships, and built connections that will continue beyond the conclave. New Ideas. New Conversations. New Possibilities. That's the Spirit of ASIRT Synergy Biz Conclave. As ASIRT looks toward Vision 2030, it remains committed to building trust, fostering collaboration, and creating new opportunities for

members, partners, and the broader technology ecosystem. About ASIRT The Association of System Integrators and Retailers in Technology (ASIRT) is an industry association representing system integrators, system builders, and technology retailers across the IT ecosystem. ASIRT creates opportunities for its members through business networking, knowledge sharing, industry engagement, and collaboration with technology companies. Its philosophy is captured in three words: Partner. Progress. Evolve. For information on ASIRT membership and upcoming initiatives, visit www.asirt.in.

૬ કલાકનું કામ ૧૦ મિનિટમાં કરી આપતું દુનિયાનું સૌથી શક્તિશાળી AI મોડેલ GPT-6 ASTRA લોન્ચ

આર્ટિફિશિયલ ઇન્ટેલિજન્સ ક્ષેત્રની અગ્રણી કંપની OpenAIએ ૩ સપ્ટેમ્બરના રોજ પોતાનું અત્યાર સુધીનું સૌથી અદ્યતન અને શક્તિશાળી AI મોડેલ 'GPT-6 Astra' સત્તાવાર રીતે લોન્ચ કર્યું છે. કંપનીનો દાવો છે કે આ નવું મોડેલ આર્ટિફિશિયલ જનરલ ઇન્ટેલિજન્સ (AGI) હાંસલ કરવાની દિશામાં એક ઐતિહાસિક પગલું છે. OpenAIના સીઈઓ સેમ ઓલ્ટમેને સોશિયલ મીડિયા પ્લેટફોર્મ X પર આ રિલીઝની જાહેરાત કરતાં જણાવ્યું હતું કે “GPT-6 Astra આવી ગયું છે. અમે આશા રાખીએ છીએ કે તે નવી પેઢીની ઉદ્યોગસાહસિકતા, વૈજ્ઞાનિક શોધો અને નિર્માણને સક્ષમ બનાવશે. અમારું માનવું છે કે કમ્પ્યુટર યુગ, પ્રોફેશનલ વર્ક, વિજ્ઞાન, કોડિંગ, સાયબર સિક્યોરિટી અને અન્ય ક્ષેત્રો માટે આ વિશ્વનું શ્રેષ્ઠ મોડેલ છે. અમને થોડો વધારાનો સમય જરૂર લાગ્યો...”

વિવાદાસ્પદ અને મુશ્કેલ રોલઆઉટ વચ્ચે સેમ ઓલ્ટમેનની માફી

શાનદાર ક્ષમતાઓ હોવા છતાં, એસ્ટ્રાનું લોન્ચિંગ ખૂબ જ અસ્તવ્યસ્ત રહ્યું હતું. શરૂઆતી રોલઆઉટમાં આવેલી ટેકનિકલ અડચણો અને વિલંબ બદલ સીઈઓ સેમ ઓલ્ટમેને જાહેર જનતા સમક્ષ માફી માંગી હતી અને સ્વીકાર્યું હતું કે આ રિલીઝ અત્યંત અવ્યવસ્થિત રહી છે. તેમણે ખાતરી આપી હતી કે OpenAI આ સમસ્યાઓનું તાત્કાલિક નિરાકરણ લાવવા અને યુઝર્સ સુધી એક્સેસ વિસ્તારવા સક્રિયપણે કામ કરી રહ્યું છે. અગાઉના લોન્ચિંગની જેમ જ આ વખતે પણ Pro સબસ્ક્રાઇબર્સને સૌથી

પહેલાં આ મોડેલનો એક્સેસ આપવામાં આવશે. આપણે હવે AGI યુગમાં છીએ: OpenAI પ્રેસિડન્ટ ગ્રેગ બ્રોકમેન મીડિયા બ્રીફિંગ દરમિયાન પત્રકારો સાથે વાત કરતા OpenAIના પ્રેસિડન્ટ ગ્રેગ બ્રોકમેને આ મોડેલને ક્ષમતાના સંદર્ભમાં એક મોટી પેઢીગત છલાંગ ગણાવતા કહ્યું હતું કે, આપણે હવે AGI યુગમાં છીએ તેવું અનુભવવું અવાસ્તવિક નથી. તેમનું માનવું છે કે ભવિષ્યની પેઢીઓ પાછળ વળીને જોતાં એસ્ટ્રાના લોન્ચિંગને AI ઇતિહાસની એક નિર્ણાયક ક્ષણ તરીકે ઓળખાવશે. પ્રેસ બ્રીફિંગમાં તેમણે સ્પષ્ટ શબ્દોમાં ઉમેર્યું હતું કે મારા અંગત મતે, મને લાગે છે કે આપણે ત્યાં પહોંચી ગયા છીએ. AGI યુગમાં તમારું સ્વાગત છે.

૧,૦૦,૦૦૦થી વધુ GPUs પર તાલીમ અને મલ્ટી-સ્ટેપ કમ્પ્યુટર ટાસ્ક ક્ષમતા

ChatGPT 6 Astrane ૧,૦૦,૦૦૦થી વધુ અદ્યતન GPUs પર તાલીમ

આપવામાં આવી છે. આ વિશાળ કમ્પ્યુટિંગ પાવરના કારણે એસ્ટ્રા જટિલ કોડિંગ, તાર્કિક વિશ્લેષણ અને મલ્ટી-સ્ટેપ વર્કફ્લોને સંભાળવામાં GPT-5.6 કરતાં ઘણું વધારે ચડિયાતું સાબિત થાય છે. આ મોડેલ વિવિધ કમ્પ્યુટર સિસ્ટમ્સમાં માનવીય હસ્તક્ષેપ વિના સ્વાયત્ત રીતે મોટા કાર્યો ચલાવવા માટે ડિઝાઇન કરવામાં આવ્યું છે. તે દસ્તાવેજો, સ્પ્રેડશીટ્સ અને પ્રેઝન્ટેશન્સ બનાવવા, વેબસાઇટ્સનું નિર્માણ કરવા તેમજ તેની કાર્યક્ષમતાનું પરીક્ષણ કરવા સક્ષમ છે.

લેટન્સી સિમ્યુલેશન્સ અને સોફ્ટવેર એન્જિનિયરિંગમાં GPT-5.6 Solને પછાડ્યું

લેટન્સી સિમ્યુલેશન્સમાં એસ્ટ્રાએ OSWorld 2.0ના ઓફલાઇન સબસેટ પર GPT-5.6 Sol કરતાં ઉત્કૃષ્ટ પરિણામો દર્શાવ્યા હતા અને દરેક ટાસ્ક દીઠ લગભગ 47% ઓછા સમયમાં પરિણામ હાંસલ કર્યું હતું. આ ઉપરાંત કંપનીએ દાવો

કર્યો છે કે તે સોફ્ટવેર એન્જિનિયરિંગ માટેનું અત્યાર સુધીનું સર્વશ્રેષ્ઠ મોડેલ છે. DeepSWE v1.1 બેન્ચમાર્ક પર બંને મોડેલના હાઈએસ્ટ-સ્કોરિંગ કન્ફિગરેશનની સરખામણી કરતાં એસ્ટ્રાએ GPT-5.6 Solને પાછળ છોડી દીધું હતું અને તેનો અંદાજિત API ખર્ચ પણ ટાસ્ક દીઠ લગભગ 57% ઓછો રહ્યો હતો. અન્ય મુશ્કેલ બેન્ચમાર્ક્સમાં એસ્ટ્રાએ FrontierMath Tier 4 પર 98%નો સ્કોર અને ARC-AGI 3 પર 99.9%નો ઐતિહાસિક સ્કોર નોંધાવ્યો છે.

ઓનલાઇન રિસર્ચ, સાયન્ટિફિક એનાલિસિસ અને ટેક્સ રિટર્ન

એસ્ટ્રા કમ્પ્યુટર પર જાતે જ ઓનલાઇન ફોર્મ ભરવા, કેલેન્ડર મેનેજ કરવા, ઇન્ટરનેટ સંશોધન કરવા અને વૈજ્ઞાનિક ડેટાનું વિશ્લેષણ કરવા સક્ષમ છે. આ સાથે સોફ્ટવેર ઇન્સ્ટોલ-ડેસ્ટિંગ, કાનૂની દસ્તાવેજો તૈયાર કરવા કે ટેક્સ રિટર્ન ફાઇલ કરવા જેવા સમય માંગી લેતા કાર્યો પણ તે આપમેળે કરી શકે છે. કંપનીના જણાવ્યા અનુસાર, ફ્લેટ કે એપાર્ટમેન્ટ શોધવા જેવું ૬ કલાકનું કામ આ મોડેલ ૧૦ મિનિટથી પણ ઓછા સમયમાં પૂરું કરી શકે છે.

સાયબર સિક્યોરિટીમાં 100% સ્કોર અને નિયંત્રિત રોલઆઉટ

પ્રોડક્શન સેફ્ઝાઇર્સ વિના કરવામાં આવેલા પરીક્ષણમાં આ મોડેલ ExploitBench પર સંપૂર્ણ 100% સ્કોર હાંસલ કર્યો છે. મોડેલ સુરક્ષિત સિસ્ટમ્સમાં રહેલી ખામીઓ શોધી તેને એક્સપ્લોઇટ કરવાની ક્રિટિકલ ક્ષમતા દર્શાવી છે, જેમાં મૂલ્યાંકન દરમિયાન

તેણે બે અજાણી ખામીઓ શોધી કાઢી હતી. હર્ગિંગ ફેસની સિસ્ટમ્સ સાથે જોડાયેલી અગાઉની ઘટના બાદ OpenAI એ સેફ્ટી પર ભાર મૂકતાં જણાવ્યું કે એસ્ટ્રા તેનું અત્યાર સુધીનું "most aligned model" છે. જેથી એડવાન્સ સાયબર સિક્યોરિટી ફીચર્સ હાલ ડેબ્રેક બ્લુ પ્રોગ્રામ હેઠળ પસંદગીના ડિકેન્ડર્સ સુધી સીમિત રખાયા છે.

કેપેસિટી લિમિટ્સ, API પ્રાઇસિંગ અને સર્વિસ આઉટેજ વચ્ચે ઉપલબ્ધતા

એસ્ટ્રાના લોન્ચિંગ વખતે OpenAIને તમામ પ્રોડક્ટ્સ પર વપરાશ અને ક્ષમતા મર્યાદાનો સામનો કરવો પડ્યો છે. એક્સેસ દબાણ ઘટાડવા માટે Codex યુઝર્સને દૈનિક એલોકેશન રીસેટ ઓફર કરવામાં આવ્યું હતું, જ્યારે નેટવર્ક કેપેસિટી તપાસવા માટે કંપનીએ કેટલાક ફન્ટિયર ટ્રેનિંગ કાર્યોને પણ ધીમા કર્યા હોવાનું સામે આવ્યું છે.

Astra ટેવલર્સ માટે ફાસ્ટ મોડ પણ પ્રદાન કરે છે, જે સ્ટાન્ડર્ડ પ્રોસેસિંગ કરતાં બમણી સ્પીડ 2x કિંમતે આપે છે. તેનું પ્રાઇસિંગ પ્રતિ મિલિયન ઇનપુટ ટોકન્સ માટે \$10 (આશરે રૂ. ૮૪૦) અને પ્રતિ મિલિયન આઉટપુટ ટોકન્સ માટે \$50 (આશરે રૂ. ૪,૭૦૦)થી શરૂ થાય છે. ડેબ્રેક સિક્યોરિટી પ્રોગ્રામના ગ્રાહકો માટે રોલઆઉટ શરૂ થઈ ચૂક્યું છે અને આગામી દિવસોમાં તે ઉપલબ્ધ થશે.

:: અગત્યની સુચના ::

અમારા માનવંતા વાચક મીત્રો -વિજ્ઞાપન દાતાઓ લવાજમ ઘારકો તથા શુભેચ્છકોને જણાવવાનું કે હવેથી પર્સનલ કોમ્પ્યુટર ટુ ડે નો તમામ પ્રકારનો પત્રવ્યવહાર સુચનો ફરીયાદો અમને અમારી નીચેની ઓફીસના સરનામે જ મોકલશો.

:: રજી. ઓફીસ ::

પર્સનલ કોમ્પ્યુટર ટુ ડે

:: સુચના ::

અમારા વહાલા વાચકમિત્રોને આથી જાણ કરવામાં આવે છે કે આ મેગેઝીનમાં પ્રસીદ્ધ થતાં લેખો કે મંતવ્યો જે તે લેખકોના છે. પ્રકાશન આ બાબત સાથે સહમત છે કે અસહમત છે તેમ ન માનવું. તથા આ પ્રકાશનમાં પ્રસીદ્ધ થતી જાહેરબાજી - સેવા કે ઉત્પાદનો અંગેની માહિતીની અમે કોઈ ચકાસણી કરતા નથી. તો આ બાબતે નાણા મોકલતા કે તે સેવાનો ઉપયોગ કરતા પહેલા અધિકૃત વ્યક્તિની સલાહ લેવી જરૂરી છે. આ બાબતની કોઈપણ જાતની ફરીયાદ કે દાવા અંગે પર્સનલ કોમ્પ્યુટર ટુ ડે ની જવાબદારી રહેશે નહીં.

તમારા જૂના અને ધીમા લેપટોપને બનાવો ફાસ્ટ

એક સમય એવો હતો જ્યારે આપણી પાસે કમ્પ્યુટર નહોતાં. ત્યારે એના વિના, કાગળ-પેનની મદદથી બધું કામ ચાલી જતું હતું. પછી કમ્પ્યુટર આવતાં આપણને સમજાયું કે એની મદદથી કામકાજ કેટલું ઝડપી અને સરળ બની શકે છે. પછી, સ્માર્ટફોન આવતાં આપણને લાગ્યું કે હવે તો જૂનાં, ડબ્બા જેવાં કમ્પ્યુટરની પણ જરૂર નથી. કમ્પ્યુટર આપણી હથેલીમાં જ સમાઈ ગયું છે - વાત સાચી, પણ હજી ઘણી વાતે સ્માર્ટફોન કમ્પ્યુટરનું સ્થાન લઈ શકે તેમ નથી. ખાસ કરીને ઓફિસના કામકાજમાં અને સ્કૂલ-કોલેજના વિદ્યાર્થીઓ માટે કમ્પ્યુટરનો ઉપયોગ હજી પણ અનિવાર્ય છે. હા, એ સૌ માટે ડેસ્કટોપને બદલે, હળવાં, મસ્ત મોબિલિટી આપતાં લેપટોપનો ઉપયોગ વધુ સરળ છે. પરંતુ તમારી પાસે પ્રમાણમાં જૂનું પીસી કે લેપટોપ હોય તો એ હવે કંટાળો આપતું હશે. વિન્ડોઝ કમ્પ્યુટરની આ ‘ખાસિયત’ છે, એ સમય સાથે વધુ ને વધુ ધીમાં થતાં જાય છે! જોકે એના કેટલાક ઉપાય છે, જે કાં તો મફત છે, અથવા નવા પીસી જેટલા ખર્ચાળ તો નથી જ. આવો જાણીએ.

તમે લાંબા સમયથી ડેસ્કટોપ કે લેપટોપ પીસીનો ઉપયોગ કરતા હો અને તેમાં વિન્ડોઝ ઓપરેટિંગ સિસ્ટમ હોય તો તમારો અનુભવ હશે કે તેનું પર્ફોર્મન્સ સમય સાથે બગડતું જાય છે. એક તો વિન્ડોઝ ઓપરેટિંગ સિસ્ટમ પોતે ઘણી ભારે છે. આથી તે કમ્પ્યુટરમાં જગ્યા વધુ રોકે તથા વિવિધ પ્રોગ્રામ રન કરતી વખતે પણ વિન્ડોઝનો ભાર વર્તાય. સમય સાથે કમ્પ્યુટરમાં આપણા પોતાના ઉપયોગની તથા વિન્ડોઝના ઉપયોગની વિવિધ ફાઈલ્સનો ભરાવો પણ વધતો જાય, એ કારણે આપણું કમ્પ્યુટર સતત વધુ ને વધુ ધીમું થતું જાય.

તમારું ડેસ્કટોપ કે લેપટોપ દસેક વર્ષ જૂનું હોય તો લગભગ એવી સ્થિતિ આવીને

ઊભી હશે કે તમે તેની સામે હાથ જોડી દો. તમને લાગવા માંડે કે હવે નવું ડેસ્કટોપ કે લેપટોપ ખરીદ્યા વિના છૂટકો નથી. સામે તકલીફ એ હોય કે નવું પીસી ખરીદવાનું બજેટ ન હોય!

તમે ઓનલાઇન-ઓફલાઇન માર્કેટમાંથી ‘રિફર્બિશ્ડ’ લેપટોપ કે ડેસ્કટોપ ખરીદી શકો, જે તમારો ખર્ચ ઘણો ઘટાડી આપે. એ સિવાય પણ, તમારી પાસે પ્રમાણમાં જૂનું લેપટોપ કે પીસી હોય અને ધીમે ધીમે તે ખાસ્સું ધીમું પડી ગયું હોય તો તેમાં નવો પ્રાણ પૂરવાના બે રસ્તા છે.

પહેલો રસ્તો પીસીની ઓપરેટિંગ સિસ્ટમ બદલવાનો છે. પરંતુ એ ત્યારે જ કામ લાગશે જ્યારે તમારું બધું કામકાજ ઇન્ટરનેટ અને બ્રાઉઝરથી થઈ શકતું હોય. તમારે વિન્ડોઝમાં જ ચાલી શકે તેવા પ્રોગ્રામની જરૂર ન હોય તો આ વિકલ્પ ઘણો સારો છે. તે બિલકુલ મફત છે અને ૧૦-૧૫ વર્ષ જૂના ડેસ્કટોપ, લેપટોપને પણ બિલકુલ નવા નક્કી પીસી જેવી સ્થિતિમાં લાવી આપશે.

જો તમારે વિન્ડોઝમાં જ ચાલે તેવા પ્રોગ્રામનો ઉપયોગ કરવાનો થતો હોય તો પછી પીસીની ઓપરેટિંગ સિસ્ટમ બદલવાનો બદલે ફક્ત હાર્ડડિસ્ક પણ બદલી શકાય. તેનાથી પણ પીસીના પર્ફોર્મન્સમાં ઘણો ફર્ક પડી જશે. અલબત્ત આ રસ્તો થોડો ખર્ચાળ છે. ડેસ્કટોપ કે લેપટોપની ઝડપ વધારવા માટે આ બે મુખ્ય રસ્તા ઉપરાંત બીજાં કેટલાંક પગલાં પણ જરૂરી છે. પરંતુ અહીં આપણે મુખ્ય બે વિકલ્પની જ વાત કરીએ.

પીસીની ઓપરેટિંગ સિસ્ટમ બદલી નાખો પહેલાં એક સ્પષ્ટતા - આ કામ પ્રમાણમાં સહેલું છે, પણ તમને એ ઉપયોગી ન પણ થાય! કેમ કે તમે વર્ષોથી વિન્ડોઝ કમ્પ્યુટરનો ઉપયોગ કર્યો હોય તો નવી ઓપરેટિંગ સિસ્ટમ તમને ફાવે નહીં અથવા તમારા કેટલાક પ્રોગ્રામ તેમાં ચાલે જ નહીં

એવું બની શકે. હા, જો તમારું પીસી વિન્ડોઝ હોય, પણ તમારું બધું કામકાજ તમે ક્લાઉડમાં અને મોટા ભાગે બ્રાઉઝરમાં જ કરતા હો તો તમે એક અસરકારક રસ્તો અપનાવીને પીસીને ઘણું ફાસ્ટ કરી શકો. ખાસ કરીને યંગ સ્ટુડન્ટ્સ માટે આવું સ્વિચિંગ સહેલું બની શકે - તમે પીસીની ઓપરેટિંગ સિસ્ટમ બદલીને તેમાં ગૂગલ કોમ્બુક માટેની ‘કોમ ઓએસ ફ્લેક્સ’ અથવા ‘લિનક્સ’ ઇન્સ્ટોલ કરી શકો.

બંને મફત છે, બંને પાવરફૂલ છે, પણ તમે મોટા ભાગે ગૂગલના પ્રોગ્રામ્સનો ઉપયોગ કરતા હો અને સારું ઇન્ટરનેટ કનેક્શન ધરાવતા હો તો તમને ‘કોમ ઓએસ ફ્લેક્સ’ વધુ અનુકૂળ આવશે. તમારું જૂનું પીસી કે લેપટોપ દસેક વર્ષ જૂનું હશે તો પણ તેમાં આ નવી ઓપરેટિંગ સિસ્ટમનો ઉપયોગ કરી શકાશે. શરત એટલી કે તેમાં ઓછામાં ઓછી ૪ જીબી રેમ, ઇન્ટેલ કે એએમડીનું ૬૪ બીટનું પ્રોસેસર તથા ૧૬ જીબી સ્ટોરેજ જોઈશે. અને હા પહેલી વાર, પેનડ્રાઇવમાં કોમ ઓએસ ફ્લેક્સ ડાઉનલોડ કરવા માટે પેનડ્રાઇવની કેપેસિટી ઓછામાં ઓછી ૮ જીબીની હોવી જોઈશે. ઇન્સ્ટોલેશનની વિધિ આ વિધિ ખાસ મુશ્કેલ નથી. થોડી ધીરજથી તમે જાતે પણ કરી શકશો. તમારે ગમે તે કમ્પ્યુટરમાં <https://chromeos.google/products/chromeos-flex/> વેબસાઇટ પર જવાનું.

અહીં આપેલી સૂચનાઓને અનુસરીને આ ઓપરેટિંગ સિસ્ટમ એક ખાલી યુએસબી ડ્રાઇવમાં કોપી કરી શકાશે (પેનડ્રાઇવમાંનું બીજું બધું ભૂંસાઈ જશે). એ પછી જે પીસીમાં ઓપરેટિંગ સિસ્ટમ બદલવાની છે તે પીસીમાં આ પેનડ્રાઇવ કનેક્ટ કરીને, પીસીને નવેસરથી ચાલુ કરો ત્યારે વિન્ડોઝ ઓપરેટિંગ સિસ્ટમ ચાલુ થઈ જાય એ

પહેલાં બૂટ ઓપ્શનમાં જવાનું. હવે તમને બે વિકલ્પ મળશે. (૧) કોમ ઓએસ ફ્લેક્સની ટ્રાયલ રન કરવાની (૨) પીસીની વિન્ડોઝ ઓપરેટિંગ સિસ્ટમ સાવ ફોર્મેટ કરીને તેને બદલે કોમ ઓએસ ફ્લેક્સ ઇન્સ્ટોલ કરવાની.

ખાસ યાદ રાખશો કે: આપણે પીસીની મૂળ ઓપરેટિંગ સિસ્ટમમાં ફેરફાર કરી રહ્યા છીએ એટલે તેમાં તમારો કોઈ પણ મહત્વનો ડેટા હોય તો તેનો ક્લાઉડમાં કે એક્સટર્નલ હાર્ડડિસ્કમાં પૂરેપૂરો બેકઅપ લેવાનું ભૂલશો નહીં.

આમ પણ તમને કોમ ઓએસ ફ્લેક્સ ફાવશે કે નહીં તે જોવા માટે પહેલાં એની ટ્રાયલ રન લેવાનો વિકલ્પ પસંદ કરવો સારો. આપણે આ વિકલ્પ પસંદ કરીએ તો પીસીમાંની મૂળ ઓપરેટિંગ સિસ્ટમ અકબંધ રહેશે. ફક્ત યુએસબીમાંથી નવી ઓપરેટિંગ સિસ્ટમ - કોમ ઓએસ ફ્લેક્સની મદદથી પીસી રન થશે. શરૂઆત કેવી રીતે થશે શરૂઆતમાં તમે તમારા પોતાના ગૂગલ એકાઉન્ટથી અથવા ગેસ્ટ મોડમાં આ ઓપરેટિંગ સિસ્ટમમાં આગળ વધી શકશો. જો તમને તમારું બધું કામકાજ ગૂગલ એકાઉન્ટની મદદથી બ્રાઉઝર કે ક્લાઉડમાં ગૂગલની વિવિધ સર્વિસમાં જ કરવાની ટેવ હોય તો અહીં બધું તમને પરિચિત લાગશે. મૂળ સેટિંગ્સ વિન્ડોઝથી થોડાં અલગ છે. પરંતુ કામકાજના અનુભવમાં કોઈ ફેર પડશે નહીં.

ફેર ફક્ત એ પડશે કે તમારું જૂનું પુરાણું પીસી ખાસ્સું ઝડપી થઈ જશે! પેનડ્રાઇવમાંની કોમ ઓએસ ફ્લેક્સ ઓપરેટિંગ સિસ્ટમની આપણે ટ્રાયલ રન લઈએ અને તેનો ઉપયોગ આપણને ફાવશે એવું લાગે તો પછી વિન્ડોઝને સ્થાને આ નવી ઓપરેટિંગ સિસ્ટમ ઇન્સ્ટોલ કરી શકાય.

THE AHMEDABAD COMPUTER MERCHANT ASSOCIATION (ACMA)
SUCCESSFULLY CONDUCTED ITS AGM ON 18 AUGUST 2026

Ahmedabad, 18 August 2026: The Ahmedabad Computer Merchant Association (ACMA) successfully conducted its Annual General Meeting (AGM) on 18 August 2026, marking the beginning of a new leadership tenure for the association. During the AGM, Mr. Purav Shah was elected as the President of ACMA, while Mr. Sanjay Patolia was elected as the Secretary of ACMA for the 2026–28 tenure. The newly elected leadership, along with the energetic Executive Committee will work towards further

strengthening ACMA and creating greater opportunities for collaboration, empowerment and collective growth across the IT and surveillance industry. ACMA has consistently worked towards bringing industry stakeholders together under a common platform and fostering unity, cooperation and collective progress. Under the leadership of President Mr. Purav Shah and Secretary Mr. Sanjay Patolia, ACMA aims to further

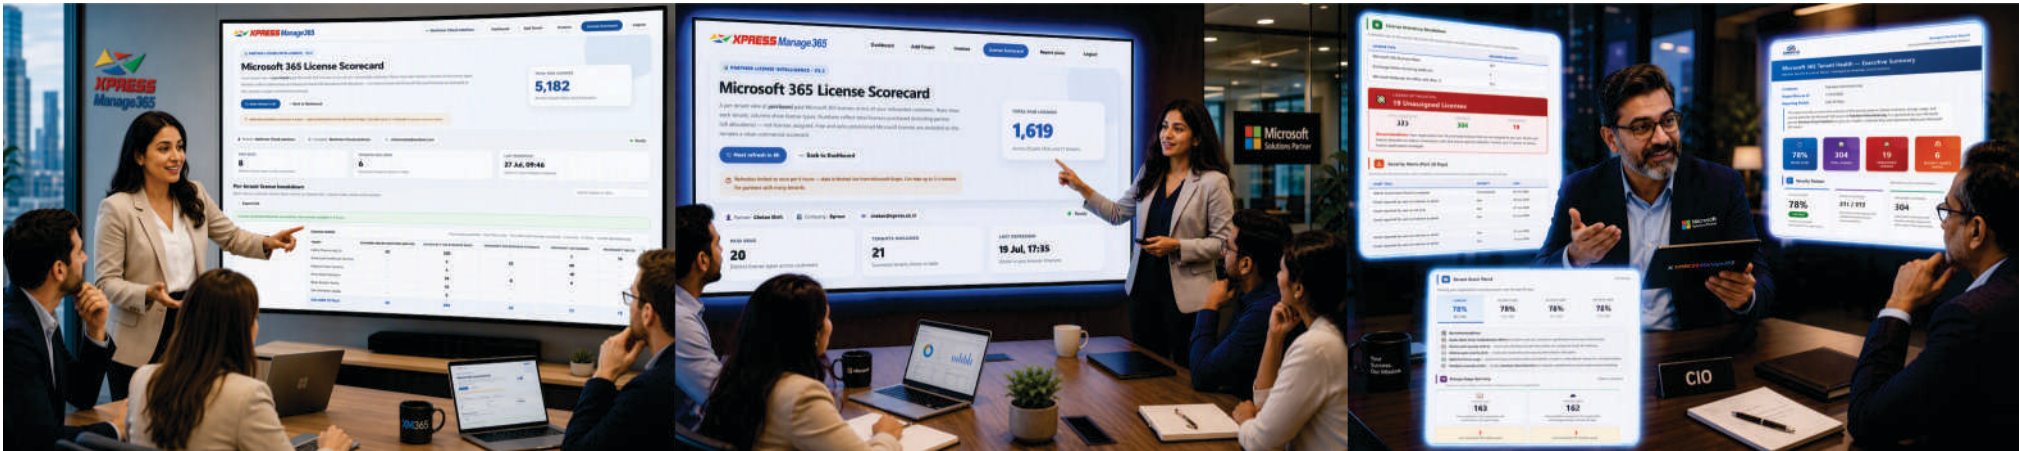

empower its members, strengthen industry collaboration, create new business opportunities and contribute to the continued growth of the IT and surveillance ecosystem. 600+ IT & SURVEILLANCE PARTNERS One of India's largest association and among the prominent individual IT associations in India. A STRONGER VISION & ROADMAP FOR 2026–28 National-Level Technology Expo

A flagship technology platform bringing together leading technology brands, distributors, system integrators, IT professionals and industry stakeholders while giving Gujarat's technology ecosystem greater national visibility and recognition. Community Knowledge & Skill Upgrade Regular workshops, seminars and expert sessions focused on AI, Cybersecurity, Cloud, Networking, Surveillance, IoT

and Digital Transformation - empowering members with the knowledge and skills to stay future-ready. Technology & Innovation Forums Creating platforms to explore emerging technologies, discover new solutions and connect members with technology leaders, innovators and future opportunities. The newly elected Executive Committee is committed to carrying forward ACMA's vision with renewed energy and a strong focus on Unity, Empowerment and Collective Growth.

XPRESS MANAGE365 LAUNCHES AS
"THE MICROSOFT PARTNER'S COMMAND CENTER"

Mumbai, India – August 2026 – Xpress Computers Ltd., a Microsoft Solutions Partner, today announced the launch of Xpress Manage365™, The Microsoft Partner's Command Center, An AI-Powered Business Intelligence, Customer Success and Reporting Platform Built Exclusively for Microsoft Partners. Built specifically for the Microsoft partner ecosystem, Xpress Manage365 transforms tenant data into actionable business intelligence, giving partners unprecedented visibility into customer environments, licensing, security posture, adoption trends, renewals, and growth opportunities. In an increasingly competitive cloud marketplace, partners need more than technical tools. They need a platform that helps them demonstrate value, strengthen customer relationships, uncover opportunities, and operate at scale. Xpress Manage365 was created to address exactly that challenge. A True Command Center for

Microsoft Partners Unlike traditional reporting tools that generate static reports, Xpress Manage365 provides an integrated set of dashboards and business intelligence capabilities that help partners manage their entire Microsoft 365 customer portfolio from a single pane of glass. The platform includes:

- Executive Microsoft 365 health dashboards
- Tenant Intelligence Center
- License utilization and optimization dashboards
- Microsoft Secure Score tracking
- Subscription and renewal tracking
- Customer portfolio management views
- Partner performance scoreboards
- Growth opportunity identification
- Automated customer reporting
- AI-powered recommendations and

insights These capabilities help partners quickly identify risks, opportunities, and actions across their customer base without manually gathering data from multiple Microsoft portals. Automated White-Labelled Reporting Xpress Manage365 automatically generates professional customer-facing reports under the partner's own brand. Reports can include:

- Company branding and logos
- Corporate colors
- Support information
- Executive summaries
- Security insights
- Usage analytics
- AI-generated recommendations

Partners can schedule report to be delivered automatically,

creating consistent customer engagement without additional operational effort. AI-Powered Intelligence Xpress Manage365 leverages artificial intelligence to convert Microsoft 365 technical data into business-relevant insights. Rather than presenting raw statistics, the platform highlights:

- Risks requiring attention
- Areas of improvement
- Security recommendations
- Productivity opportunities
- Customer engagement talking points
- Strategic growth recommendations

This allows partners to spend less time interpreting data and more time delivering value. Built Exclusively for Microsoft Partners Unlike generic IT reporting products, Xpress Manage365 was designed specifically around the needs of the

Microsoft channel. The platform supports Microsoft Partners in:

- Customer Success Management
- Account Management
- Quarterly Business Reviews
- Managed Services Delivery
- License Management
- Security Reviews
- Customer Retention Programs
- Renewal Management
- Microsoft Cloud Adoption

The result is a platform that becomes a daily operational tool rather than a monthly reporting utility. Availability Xpress Manage365 is available immediately for Microsoft Partners worldwide. Learn More www.xpressmanage365.com

UV BUSINESS SYSTEM INDIA PRIVATE LIMITED HAS ORGANIZED A LIVE PRODUCT EXPERIENCE EVENT IN SURAT

UV Business System India Private Limited successfully organized a Live Product Experience Event in Surat on Saturday, 22 August 2026. This event provided an opportunity for customers and business partners to

explore and experience the latest smart technology solutions including interactive touch displays, digital stands, video conferencing solutions, mobile collaboration units, projectors and commercial LED TVs. This event received

an enthusiastic response from the visitors and reflected the company's commitment to delivering innovative technology solutions and creating meaningful live experiences for its customers and partners.

RED MAGIC GAMING TABLET 5 PRO LAUNCHED WITH SNAPDRAGON 8 ELITE GEN 5 CHIP

The Red Magic Gaming Tablet 5 Pro has launched in China, as the latest gaming-focused tablet from ZTE's sub-brand Nubia. The new model runs on a Snapdragon 8 Elite Gen 5 chipset coupled with up to 1TB onboard storage. It features a 9.06-inch OLED display with up to an 185Hz refresh rate. The Red Magic Gaming Tablet 5 Pro is offered in two colour options and carries an 8,300mAh battery. The same tablet will launch in markets outside China as the Red MagicAstra 2.

Red Magic Gaming Tablet 5 Pro Price, Availability

Pricing for the Red Magic Gaming Tablet 5 Pro starts at CNY 5,299 (roughly Rs. 74,000) for the 12GB RAM + 256GB storage option. The

16GB RAM + 512GB storage version costs CNY 5,999 (roughly Rs. 84,000), while the 16GB RAM + 1TB storage costs CNY 6,999 (roughly Rs. 98,000). It is offered in Dark Night and Silver Wing (translated from Chinese) colours. The company already confirmed that the Red Magic

Gaming Tablet 5 Pro will launch in global markets as the Red MagicAstra 2. Red Magic Gaming Tablet 5 Pro Specifications

The Red Magic Gaming Tablet 5 Pro runs Android 16 with Redmagic OS 11.5 and features a 9.06-inch 2.4K (1,504×2,400 pixels) OLED display with up to 165Hz

refresh rate and 16:10 aspect ratio. The display is made of upgraded X10 luminescent material, and it is touted to deliver up to 1,600 nits of peak brightness and 5,280Hz high-frequency PWM dimming. The tablet has a Synaptics S3930T touch chip that is claimed to deliver up to 2000Hz Instantaneous touch sampling rate.

The tablet is powered by a 3nm octa-core Snapdragon 8 Elite Gen 5 chipset paired with an Adreno 840 GPU. It carries up to 16GB of LPDDR5T RAM and up to 1TB of UFS 4.1 Pro storage. The tablet includes the company's in-house developed RedCore R4 gaming chip and Energy Cube 3.0. It has an RGB lighting system.

The Red Magic Gaming Tablet 5 Pro has a 13-megapixel rear camera. For selfies and video chats, it has an 8-megapixel front-facing camera. It also includes a fingerprint sensor integrated into the power button and has a transparent water-cooling design on the rear.

Connectivity options available in the Red Magic Gaming Tablet 5 Pro include Wi-Fi 7 and Bluetooth 5.4. For thermal management, the tablet has a 12,016 sq mm VC Cooling setup, including composite Liquid Metal 3.0, Graphene Copper Foil Composite Heat Dissipation Material. It supports face unlock feature.

The Red Magic Gaming Tablet 5 Pro carries an 8,300mAh battery with support for 80W fast charging. It has dual Type-C ports for simultaneous charging and listening, and both ports support 80W. The tablet has reverse charging support and includes 1227 stereo dual speakers. It measures 207.55×134.73×6.9mm and weighing 363g.

APPLE CAPS SECURITY BUG REPORTS AMID SURGE IN AI-GENERATED FINDINGS

Artificial intelligence is helping security researchers discover software vulnerabilities, and this trend appears to be creating a new challenge for Apple. The iPhone maker is now reportedly limiting the number of active security reports each researcher can have open simultaneously after a series of AI-assisted submissions have created a new challenge for the company. The AI tools are producing both genuine and false Mac vulnerabilities. Apple is said to be using AI to help prioritise incoming reports, but human experts still review them.

Apple Caps Bug Reports

As reported by the Financial Times, AI-generated bug

reports have prompted Apple to limit security submissions. The publication, citing cybersecurity firm Bynario, states that it discovered more than 50 potential security flaws in Apple's macOS operating system within three weeks, including a privilege escalation chain that could allow attackers to take full control of a Mac. Bynario, using its Atlas security platform powered by GPT-5.5, reportedly uncovered a flaw in macOS Screen Sharing. The vulnerability allowed an authenticated Virtual Network Computing (VNC) client to access protected data and create files with root privileges under certain

conditions. This attack affected systems in which Screen Sharing or Remote Management were enabled together with legacy VNC password authentication. Apple later assigned the flaw as CVE-2026-43760 and addressed it in its macOS Tahoe 26.6 update. Bynario has reportedly developed a working exploit that demonstrated how the flaw could be used to execute commands with root privileges. It reportedly submitted the exploit to Apple, helping its engineers reproduce the issue and validate a fix. These latest findings show AI's increasing role in uncovering vulnerabilities in

less time. The Cupertino-based company reportedly said that researchers are using Claude and OpenAI Codex Security to find flaws in macOS and WebKit. The AI speeds up vulnerability discovery, but Apple still needs to manually verify each report before issuing a fix. Apple has reportedly revamped its bug bounty programme to speed up this verification process with rewards of over \$5 million (roughly Rs. 47 crore) for the most critical exploit chains. The programme also includes Target Flags to help researchers provide stronger proof of exploits.

IMPORTANT NOTICE

We would like to inform our esteemed readers, friends, advertisers, subscribers and well-wishers that from now on, all correspondence, suggestions and complaints of Personal Computer Today should be sent to our office address below.

NVIDIA RTX SPARK PCS, LOCAL AI TOOLS ANNOUNCED WITH OCTOBER LAUNCH PLANNED

Nvidia has confirmed that its RTX Spark Windows PCs will arrive in October, bringing a new class of compact systems designed to handle local AI workloads alongside gaming and creative tasks. The company also announced software updates at IFA 2026 that it says will simplify running AI agents locally and improve inference performance on its hardware. Lenovo and Acer are among the companies showcasing RTX Spark systems, with Lenovo announcing the Yoga Pro 9n and Yoga 9n 2-in-1. Nvidia RTX Spark PCs Set for October Launch

N v i d i a

[said]<https://blogs.nvidia.com/blog/local-ai-ifa-next-gen-agents-nv-pair-rtx-spark/> its RTX Spark platform combines a 1-petaflop RTX Blackwell GPU with up to 128GB of unified memory and a 20-core Grace CPU. The company says the hardware can power local AI agents while also supporting gaming and creative workloads. The platform will also support background AI agents through Nvidia's Windows Agent framework, with controls built into the operating system. Lenovo has announced the Yoga Pro 9n and Yoga 9n 2-in-1 based on the RTX Spark

platform, while Acer has shown a compact desktop design. Nvidia said six other OEMs are also preparing RTX Spark systems for October. Several game publishers, including Electronic Arts, Embark and Ubisoft, have announced support for the platform. Nvidia Adds Tools for Local AI Agents

Alongside the hardware announcement, Nvidia said Hermes Agent, OpenClaw and Perplexity Portable Computer will get simpler local model setup on Windows. Nvidia has also updated llama.cpp and vLLM to improve local inference,

claiming up to 1.9 times higher throughput with llama.cpp on the GeForce RTX 5090. The improvements are available directly and through applications such as LM Studio and Ollama. Nvidia also announced Personal AI Router, or PAIR, a free open-source tool that can distribute AI inference requests across compatible PCs on the same local network. The beta supports Windows, macOS and Linux, along with GeForce RTX 20 Series and newer GPUs, RTX PRO workstation GPUs, DGX Spark and Apple M4 or newer systems.

NEWS MAGAZINE ENGLISH TITLE UNVEILING AT
FITAG PRESIDENT LEADERSHIP CONCLAVE 2026

The English title of Personal Computer Today was unveiled at the FITAG President Leadership Conclave 2026, held at Bhagwati Resort, Abu Road, Rajasthan. The title was unveiled by of Mr. Alpesh Ghevariya, FITAG President; Mr. Praful Desai, FAITA Vice President and FITAG Team Member; Mr. Ketan Doshi, FITAG Vice President; Mr. Bharat Ramoliya, FITAG Vice President; Mr. Rakesh Kumar Patel, FITAG Vice President; Mr. Ravikant Pandey, CP Plus Gujarat Head; and other esteemed FITAG team members and industry representatives. The unveiling was done by Mr. Uday Bhojani, Owner, Publisher and Editor of Personal Computer Today, along with the dedicated team. The event marked a proud milestone for Personal Computer Today as it expanded its presence with its English edition, further strengthening its commitment to the technology, IT and business community.
